Chamber of Commerce Industry
and Agriculture
في بيروت وجبل لبنان of Beirut and Mount-Lebanon

Our ref.: 79/20

Beirut 29 September 2020

Mr. Luigi Troiani
Secretary General of Euro-Med TDS

Dear Mr. Troiani,

We would like to thank you for the sympathy with the Lebanese in their painful circumstances; and we thank you for your efforts in supporting our initiatives to help small-medium enterprises damaged by the catastrophic explosion at Beirut port on the 4th of August.

In this context, we would like to inform you of the initiative launched by the Beirut and Mount Lebanon Chamber to help damaged houses and small-medium enterprises where the chamber installed glass facades at its own expense.

The aim of the Chamber is to restore the enterprises to normal and enable them as soon as possible to resume their work, in order to preserve their entity and the job of their staff, and to relaunch the economic cycle.

We imported and received in-kind donations of glass, aluminum and other construction or finishing materials. To date, we have hired eight installation workshops, and we have already repaired 400 units. What is extraordinary is that all these units resumed activity the day after their business was repaired.

Kindly note that the mechanism through which we operate is transparent, where all information about the initiative and all processes, especially donors, quantities they provide and how we use them, are published with images of all the operations completed on the Chamber's website. we have dedicated a special Website <http://beirutdonation.ccib.org.lb/> to follow all the details of the operation.

We're counting on your support and we thank you again for all the efforts you are making to confront this calamity and alleviating the suffering of people for reconstruction of what has been destroyed.

Best regards,
Chairman
Mohamed Choucair
